

The **German Academic Exchange Service (DAAD)** and the **Fraunhofer-Gesellschaft** cordially invite you to take part in our *Research in Germany* networking events.

German-Australian Platform for Health Research

Melbourne, 10-11 April 2018
InnoHealth Australia and German-Australian Research Networking Tour

Sydney, 12-13 April 2018
German-Australian Research Networking Tour

The events in Melbourne and Sydney target Australian researchers, university administrators and Australian companies of the healthcare sector interested in strengthening ties with German institutions.

The presentations, networking opportunities, exhibition and panel discussion will be represented by participants from some of the country's leading universities, graduate schools, research institutions and small and medium-sized enterprises working in the healthcare sector.

In Melbourne, you will have the chance to meet the German delegation in a joint program organised by both partners, Fraunhofer and DAAD. In Sydney, you will meet DAAD's delegation of the German-Australian Research Networking Tour.

Click to view the agenda PDFs for [Melbourne](#) and [Sydney](#). If you have any questions, please send an email to anja.kegel@germany.org.au. We look forward to seeing you in Melbourne or Sydney!

Yours sincerely,

Carolina Wienand and **Gabrijela Nikolic**,
on behalf of your *Research in Germany* Team

Your Benefits

- *Discuss* with German and Australian contacts.
- *Meet* representatives from top German universities and research institutions.
- *Exchange* ideas with experts from Germany and Australia.

Please note that **separate registrations** are required for the Fraunhofer and the DAAD events:

[Register here](#) for the **DAAD's Matchmaking Events** in Melbourne and Sydney.

[Register here](#) for the **Fraunhofer's InnoHealth InnovationPlatform** (project presentations, panel discussion and workshop).
